Book Looks By charlene talbot

The title of this book is Names of Foreigners who took the Oath of Allegiance to the Province and State of Pennsylvania 1727-1775, With the Foreign Arrivals, 1786-1808. It is a reprint originally published in 1890, so it has obviously been considered important information for over a hundred years. It contains lists of arrivals for the years given, but the most interesting part to explore is the index, which is somewhat different. The names appear to be alphabetized only by the first two letters. Therefore "Mayer" comes before "Martin," so it would be well to look through all of the M's before deciding the name you are researching isn't there. Also, the spelling in the list itself isn't necessarily the same as is shown in the index.

The introduction to the index says: "The following Index has been prepared with a great deal of care. Owing to the wretched chirography [handwriting or penmanship] in the original--and worse spelling, those referring to the Index, will not find perchance every variety of orthography given in the lists of immigrants."

The introduction to the book says: "All males over sixteen years of age were obliged to take this oath and declaration, as soon after their arrival as possible—being marched to the Court House, although in a number of instances they were qualified at the official residence of the magistrate." It also gives the oath that immigrants were required to swear to. These were people coming from various countries in Europe, one assumes. Sometimes the names of wives and children are given, and sometimes the men's ages, if you are really lucky.

This is a special book for genealogists who had people who weren't English and who came to Pennsylvania before and just after the Revolution.

How to read the Handwriting and Records of Early
America is a small how-to book which was among the two
boxes of about twenty-four books donated to the Society this
summer by Robert & Gerry Custer. According to the cover it
appears to be by E. Kay Kirkham, but the title page does not
give her name, only that it is the second edition, copyrighted
in 1964, and published by Deseret Book Company.
Anyhow, it contains some excellent examples of early

handwriting and what the word or letter actually is in today's understanding. They make the book worthwhile reading. We were inspired to go back to the names of our great, great grandfather's second family around 1850. Someone who read the handwritten records listed one of the girls as Anzutine. She died and another daughter was named Anzutine. We have always wondered if these names weren't actually Angeline, but someone read it wrong, and the mistake has continued to be copied.

The examples of pages and samples of handwriting towards the end of the book are horrendous. The reader is glad that someone else *has* interpreted them.

This is an entertaining book to look through and the genealogist may well pick up a few unexpected hints.

Books published by Benton County Genealogical Society are always available for purchase at the society library after each meeting, and every Tuesday afternoon from 12:30 until 3:00 PM. They are also available at the Benton County Historical Museum, during their normal hours.

New Policy for Lookups for Corvallis Newspapers on our Benton County, Oregon, GenWeb Site

When someone reading through the Society's project of listing deaths, marriages, legals, and "other" as reported in the Corvallis newspapers from 1865 to 1925, and finds an item they are interested in, a copy of the item may be obtained by sending a stamped, self-addressed envelope to the Benton County Museum, P.O. Box 35, Philomath, OR 97370. In addition, a donation will be gratefully accepted. For newspaper items after 1925, a stamped, self-addressed envelope and one dollar should be sent to the Corvallis Main Library, 645 NW Monroe, Corvallis, OR 97330.

Raffle Items Sought

We are planning ahead for our annual Christmas Raffle which is held at our December meeting. Do you have a nice item of more than nominal value which you would consider donating now for the Christmas Raffle next December? The raffling of quality items is a way to ensure your items bring the most for their value. We ended up without any suitable raffle item this year and need to get the raffle ticket sales going as soon as possible. Proceeds from the Christmas Raffle and Auction go to benefit the Society's book fund. We have raffled off some wonderful items over the past years and we would hate to cancel this event due to lack of interest.

HUMOR

IF ALL OUR LUKEWARM GENEALOGICAL SOCIETY MEMBERS would fire up, and ALL THE SLEEPING MEMBERS would wake ip, ALL THE DEPRESSED MEMBERS would cheer up, ALL THE ESTRANCED MEMBERS would make up, and ALL THE AGITATORS would dry up, what a wonderful organization we would have! AND—if every member would RECRUIT JUST ONE new member, we'd double in size! —THINK ABOUT IT.

How Burns Was Named

Peter Stenger was opne of the outstanding characters of the community. George McGowan, a storeowner, had purchased the side of a saloon, which carried staple merchandise for stockmen and cowboys of the county, built up his business by stocking enough merchandise to take care of the settlers in the community. It would take up to 8 weeks for items to arrive from the freight station. McGowan accepted Stenger as a partner. Since Stenger was a prominent rancher and took pride in the new improvements, it was suggested that the place be named for him. McGowan thought people might think "Stenger", the town where they got stung. "McGowan" was also suggested, but had several objections. So, McGowan suggested "Burns" for the immortal Scottish poet, Robert Burns. No objections were made so a petition was submitted and approved by the authorities in Washington and the name "Burns" has remained thus far.
