MISCELLANEOUS

Do you need Obituaries for your Czech ancestors? If they were members of the Western Fraternal Life Assoc. (WFLA), as many Czech people have been, chances are their obits were printed in the monthly "Fraternal Herald, Bratrsky Vestnik", a publication of this organization. The home office in Cedar Rapids has original copies of this publication back to 1890. Copies are also on microfilm at the Nebraska Historical Library in Lincoln, NE, and the Wisconsin Historical Library in Madison, WI. These are available through interlibrary loan. ALL IN FUN

Have you heard about the genealogy group that has several members who all share the same surname, Tate.

First, there is old man Dic Tate who wants to run everything, while his cousin Ro Tate tries to change everything.

Mrs. Agi Tate stirs up plenty of trouble with the help of her husband Irri Tate. Whenever there are new projects, Mr. Hesi Tate and his wife Vegi Tate want to wait until next year.

Then there is Mr. Imi Tate who wants our group to be just like the one he visited in Boston. Mr. Devas Tate provides the voice of doom, while Mr. Poten Tate just wants to be a big shot.

There is the black sheep of the family, Mr. Ampu Tate, who has cut himself off completely from the rest of the group. Mr. Cogi Tate and his wife Medi Tate always think things over and are usually very positive in their ideas.

But lastly, there is Mr. and Mrs. Facili Tate and their family, who do the most for the group, working on all committees and encouraging and helping others. It's a great group!
